Remember: Break Down Cardboard Boxes & Yard Waste Stickers

All cardboard boxes must be broken down when being placed in your bins and at the recycling center.

All recycling and trash bin lids must be closed and anything left outside the bin will not be picked up.

If you ever have questions about what can or can't be recycled you can easily find that information in the Kirkwood Recycles app. Just use the Wizard icon at the bottom and search for an item.

Here are a few quick reminders:

- Pizza boxes cannot be recycled. They should be placed in your black trash bin.
- Please leave three feet between your trash bin, recycling bin, and yard waste bags.

- Recyclables should not be boxed or bagged. Recyclables should be placed loosely inside the green recycling carts with the lid closed.

Also, it is that time of year that has residents out doing yard work. Please remember yard waste need to be placed in a Kirkwood specific yard waste bag. If you are using a different yard waste bag that bag must have a Kirkwood Yard waste sticker. In the trash/sanitation section of the City's website you can find a list of Kirkwood yard waste bag and sticker retailers.
