SCIT Report/Recommendations

March 8, 2023

1. No Parking Request on S Woodlawn from Madison to Scott – SCIT Discussed this request. Members of SCIT have observed the parking situation and recommend no additional parking restrictions. If the residents on S Woodlawn wish to restrict parking, they may submit a signed petition from the majority of residents on the block that parking is proposed to be restricted.
2. Additional Discussion Items
 - A. Request for Speed Humps on Ann – SCIT has concerns about how effective speed humps would be, and the roadway running slopes on Ann are excessive where safety may become an issue. SCIT does not recommend speed humps on Ann.
