LETTER FROM THE DIRECTOR

I am delighted to share some exciting updates about the upcoming renovations at the Community Center, set to begin this March. These enhancements are designed to transform the original building, dating back to 1966, into a modern space that will serve Kirkwood residents for years to come.

As part of the renovations, a new exterior entrance will feel as though Kirkwood Park has been connected to the front entrance, creating a more welcoming gathering space. Inside, an updated lobby entrance will bring together services for the Ice Rink and Community Center, ensuring a more cohesive and accessible experience. Modern audio/visual amenities will enhance our meeting rooms, and the gym spaces will receive a refreshing makeover.

Beyond the physical improvements, our hope is that these updated and flexible spaces will not only enhance the building but also contribute to the vibrant community spirit we cherish in Kirkwood.

In addition to these renovations, I am thrilled to share a glimpse of the fantastic summer programs our staff has been planning for residents. These programs, such as the popular Camp Kirkwood, the Kirkwood Riptides Swim Team, the dynamic sport of pickleball, and our beloved Softball Leagues, provide wonderful opportunities for residents to interact and build upon these social connections.

Kyle Henke

Director of Parks and Recreation

The Community center hours are expected to vary depending on the construction schedule. Please call the front desk or visit our website for current hours.
