

Nominations for “Favorite Buildings in Kirkwood” Recognition Awards

Nominations are being sought for “**Favorite Buildings in Kirkwood**” until April 1, 2024. Buildings or places that are deserving of recognition contribute to the architectural character of Kirkwood, but need not be a designated Kirkwood Landmark. Awards will be given in May – National Preservation Month – the perfect time to show how Kirkwood’s history honors the past and helps build the future. Nominations will be accepted for projects completed in the last 3 years, including:

- Quality restoration of an existing building to its former glory.
- Maintenance or improvement of an existing building through landscaping or cosmetic treatment which reinforces its character.
- Architectural design for an addition. The addition must acknowledge the character of the original by relating to it through the use of scale, proportion, materials, textures and details.
- Architectural design for new construction. The new construction should fit into the existing character of its neighborhood and be compatible with adjoining buildings through the use of scale, proportion, materials, textures and details.
- Neighborhood integrity. A “**Neighborhood or Street of Distinction**” is an area of architectural significance and character that has maintained its integrity for 50 years or more.

Name of Nominated Property/Area: _____

Address of Property: _____

Reason for Nomination: _____

Additional Comments: _____

Nominated by: _____
