

# Meet the Park Adopters

## **Forest Aid at Emmenegger Nature Park Coordinator: Gwyn Wahlmann**

The Forest Aid adopt-a-group is dedicated to the preservation of Emmenegger Nature Park. The group spends their time restoring the park to its natural landscape by removing invasive bush honeysuckle. Volunteers may help with trash pick up or removing other non-native plants.

## **Eliot Chapel at Fillmore Park Coordinator: Dick Gordon**

Over ten years ago Eliot Chapel parents and children adopted Fillmore Park. Volunteers have regularly helped maintain the park by pulling weeds, picking up trash, pruning branches, cutting vines, raking leaves.

## **American Legion at Memorial Walkway Coordinator: Richard Connors**

American Legion Post 156 members and spouses weed and maintain the flowerbeds along the Memorial Walkway throughout the spring, summer, and fall months.
